Forecast for Thursday 31 Mar 2022

Weather: Cloudy with frequent snow showers across the Cairngorms through the early hours and morning, but drier with some brighter spells west of Dalwhinnie. All ranges seeing bright or sunny spells and snow showers in the afternoon, Showers occasionally heavy with a slight risk of thunder. Western hills becoming dry with clear spells in the evening, but lowering cloud and a few light showers across the northern Cairngorms.

Chance of cloud-free hill tops above 800m: 40% in the east, 60% in the west.

Low cloud and visibility: Very good visibility outside of low cloud, but a few hundred meters or less in passing snow showers. During the morning, cloud persistent above 700m across the northern Cairngorms, with patches above 800-900m further west. Cloud lifting above the summits by midday, although occasionally dropping to 1000m in passing showers. Patchy cloud may lower to 800m in the evening, most likely in the east.

Met Office Aberdeen Meteorologist's View

Unseasonably cold with winter conditions on high ground.

Forecast for Friday 01 Apr 2022

Weather: Cold with clear spells through the early hours, but cloud increasing towards dawn. Then a mostly cloudy day. A chance of an hour or two of persistent snow across Creag Meagaidh and Ben Alder, and of few afternoon snow showers across all ranges, but mostly dry. A dry but cloudy evening.

Maximum wind: Northwest 10 gusting 15 mph

Chance of cloud-free hill tops above 800m: 70%

Low cloud and visibility: Very good visibility outside of any low cloud, although dropping to a few hundred meters or less in any snow across western hills. Cloud bases mostly around 1100m, often above the summits in the afternoon, but a chance of cloud down to 800m across the west in any snow during the morning.

Temperature: Glens: Minus 4 Celsius rising to plus 4 Celsius
At 800m: Minus 5 Celsius rising to minus 1 Celsius
Freezing level: Down to the glens, rising to 300-400m by day.
